Actually, it's changing a lot at the moment!

WELL, IT'S BEEN A WHILE
SINCE WE'VE SEEN
YOU AROUND HERE!

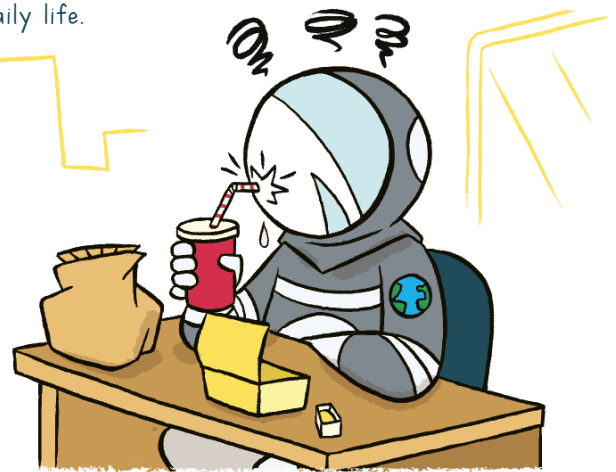

RIGHT, 500 YEARS EXACTLY!
AND AREN'T YOU TIRED OF
LOOKING AT THE EARTH?

INDEED, IT SEEMS IT HAS
BEEN COVERED IN A THICK
(GAS-) BLANKET.

FOR A WHILE NOW, HUMANS HAVE BEEN
REDESIGNING THE GLOBE, AND NOW THEY'VE
APPARENTLY LOST CONTROL OF THE AIR
CONDITIONER!

ARE THEY IN DANGER? HUMANS ARE QUITE SENSITIVE
TO CLIMATE EXTREMES FROM WHAT I'VE SEEN UP HERE.

Yes! The guys who came here were fully equipped,
but their space suits were not very convenient for
daily life.

If I recall correctly, societies have been suffering
from changes in weather for thousands of years.

BUT NOW THEY'RE
FACING A GLOBAL
CHANGE OF CLIMATE!

Have they forgotten what their ancestors went
through in the recent past?

I guess so, and
probably also that the
present-day and even
future conditions are
a legacy of the past.

I'VE GOTTA GO FOR
A NEW REVOLUTION.

IF YOU GET THE CHANCE,
TELL THE HUMANS TO LEARN
FROM THE PAST AND ENJOY THEIR
BLUE PLANET BEFORE IT TURNS!
