PAGES ECN Newsletter - February 2022

Dear colleagues,

In this newsletter we highlight news /especially/ relevant to ECRs. If you find other announcements that should be shared with the ECN, please feel free to send it directly to the mailing list (pages.ecn.pages@lists.unibe.ch) and/or to the Steering Committee (pages.ecn@gmail.com) for inclusion in the monthly newsletter. Thanks!

Best wishes,
The PAGES ECN Steering Committee

1. PAGES OSM/YSM deadline extended to 11 February 2022
The deadline for abstract submissions to the PAGES Open Science Meeting and for applications to the Young Scientists Meeting has been extended to 11 February 2022. The meetings will be held fully online in May 2022.

2. Update your PAGES profile
Please help PAGES keep the people database up to date, including updating your postal address if you have opted to receive a hard copy of the PAGES magazine:
https://pastglobalchanges.org/people-database

3. ECN webinar announcements
If you have ideas for a webinar and want to organize it for the PAGES ECN, please reach out to the webinar cluster: webinar.pages.ecn@gmail.com. Please also refer to the PAGES calendar for a more complete listing of PAGES webinars and other webinars of interest:
http://pastglobalchanges.org/calendar/upcoming

3a. PAGES ECN North America presents: “Research Show and Tell”
The PAGES ECN North American Regional Representatives are preparing the next event in the Show and Tell series. On 1 March 2022 at 13:00 EST (18:00 UTC), Dr. Clara
Rodríguez Morata will present her work analyzing tree rings to study past climate at the Lamont-Doherty Earth Observatory. Stay tuned for the upcoming listserv and social media announcements for more details and a link to the event.

3b. PAGES-affiliated webinars

- **Varves Working Group webinar 24 Feb 2022** - The VWG presents a monthly seminar series of interest to the varve community. Early career scientists are especially encouraged to participate. On Thursday, 24 February at 15:00 UTC, Dr. Patricia Roesser (Leibniz Institute for Baltic Sea Research Warnemünde) will present: Calcite varves: lesson from lake monitoring. Join the VWG mailing list to receive details and links to events: https://listserv.unibe.ch/mailman/listinfo/varves.pages.

- **Volcanic Impacts on Climate and Society Working Group webinar 26 Feb** - The PAGES VICS working group is conducting a webinar series in the lead up to its 5th workshop, planned for 2022 in Aarhus, Denmark. The first webinar will occur on Friday 26 February at 15:00 UTC. Gordon Woo (University College London) will present: "Reimagining Volcanic History: Lessons from counterfactual analysis" and Amy Donovan (University of Cambridge) will present: "Imagining volcanoes: towards a holistic understanding of risk"

### 4. Update on PASES workshop scheduled for 20-24 November 2022

After being postponed for two years, the organization of the in-person PASES2022 workshop in Chile is now in full motion. In order to facilitate the participation in more than one international event, the local Organizing Committee has selected **20-24 November 2022** as the dates for the international meeting, just prior to the joint IAL-IPA Congress 2022 in Bariloche, Argentina. A hybrid workshop with keynote talks and presentations broadcasted to a wider audience is being considered. The presentations from ECRs who were selected for the original 2020 workshop will be prioritized. The scientific program and additional activities have now been updated on the website: [http://www.pases2020.com](http://www.pases2020.com). Until the workshop takes place, bimonthly get-togethers will be organized to engage with participants and foster communication.

### 5. PAGES ECN product reminder - jobs and funding guide

Are you an early-career researcher looking for jobs or funding opportunities? Have you seen our **Jobs, Funding, and Listserv guide**? This document gives an overview and notes on how to look for resources. The document is open for viewing and is always linked at the bottom of PAGES ECN monthly newsletter. Please send an email to pages.ecn@gmail.com if you have further suggestions that may be added.

### 6. Virtual Workshop - PaleoHack3

The LinkedEarth team announced their third edition of PaleoHack to take place virtually 9-11 March 2022. The hackathon is open to novice Pythonistas, with little to no experience with the Pyleoclim software package. More information, and the application form, are available at: [https://linked.earth/paleoHackathon/](https://linked.earth/paleoHackathon/). Applications are due **11 February 2022**.
