

International Symposium on Archives of Quaternary River Basin Erosion

06 – 10 April 2024 – Galera, Andalusia, Spain

Registration Deadline: 30.11.2023

We are pleased to invite you to take part in the international symposium that will be held in Galera, a small town in the northeast of the newly established UNESCO Granada Geopark. All participants are welcome to present their recent studies in oral or poster presentation. Furthermore we are looking forward to having interesting discussions and exchange of new ideas during the symposium and during fieldtrips. This symposium is being held as part of a larger research project funded by the DFG (German Research Foundation). The conference will last 5 days starting with two days of oral and poster presentations and three final days of field trips. During these field trips, we will discover numerous stunning sites within the Guadix-Baza Basin. This basin is famous for the first finds of Hominids in Europe and provides an unprecedented density of Plio-Pleistocene vertebrate fauna. An extensive repertory of natural archives offers insights into Quaternary river erosion forming spectacular fragmented sceneries.

We asked for financial support at the INQUA Commission on Stratigraphy and Chronology (SACCOM) to make assistance for ECS (early career scientists) possible. Interested ECS please announce their intention to participate **asap**, as the deadline for financial support will expire **end of September**.

Travel to Galera and Accommodation:

Please organize your travel to Galera and accommodation by your own. After successful registration, we will announce appropriate accommodation options and assist you in finding suitable accommodation.

For any questions please contact: daniel_wolf@tu-dresden.de

Registration fees: **250 Euro/Person** (Full-paying)
 200 Euro (ECS, PhD-students)

This includes:

- Participation in the symposium (2 days) with 4 coffee breaks and snacks as well as conference proceedings.
- Participation in three days of excursion with daily lunch and excursion guide.
- Participation in the Icebraeker get-to-know-you party (Friday eve; 5. April 2024)

Optionally, we offer a conference dinner with a flamenco performance for **35 Euro** per person.

We are sorry that we have to limit the number of participants, as the excursions can only be carried out with special vehicles.

The scientific program will start in the morning of Saturday, 6th of April 2024 in the Conference Hall of the Galera Hotel.

Please hand in an abstract by email and send it to **ramona.winter@tu-dresden.de**

The abstract could include a meaningful figure, however should not exceed one page.

Please note that time for oral presentations (20 Minutes) is limited and that the organizing committee will decide about the program flow. We welcome contributions (oral or posters) of ECS (early career scientists) and young researchers in particular. Please send us the title and the abstract of your presentation by **end of November**.

We aim to publish contributions in a journal (special volume) of international reputation.

As soon as you are registered by email we will inform you about the conditions of payment.

Researchers interested in attending the meeting are kindly invited to register by filling (respectively mark) the following form and send it to: **ramona.winter@tu-dresden.de**

Registration Deadline: 30.11.2023

Organizing committee:

Dr. Francisco García-Tortosa (Univ. Jaén, Spain)

Laura Kögler (JLU Gießen, Germany)

Dr. Luis Miguel Nieto Albert (Univ. Jaén, Spain)

Dr. Daniel Wolf (TU Dresden, Germany)

Dr. Thomas Kolb (JLU Gießen, Germany)

Dr. Dominik Faust (TU Dresden, Germany)

Scientific committee:

Dr. Nicole Limondin-Lozouet (CNRS, Paris, France)

Dr. Tobias Lauer (Univ. of Tübingen, Germany)

Dr. Christopher Bastian Roettig (TU Dresden, Germany)

Dr. Davinia Moreno (CENIEH; Burgos, Spain)

Dr. Markus Fuchs (JLU Gießen, Germany)

Dr. Pedro Proença Cunha (Univ. of Coimbra, Portugal)

Please fill in and send it back to: **ramona.winter@tu-dresden.de**

I would like to attend the Galera Symposium 2024
