

PALEOTHERAPY

2.5 MILLION LIGHT-YEARS AWAY... THE ANCIENT ANDROMEDA GALAXY HAS BEEN WITNESSING THE EVER-CHANGING NATURE OF OUR PLANET SINCE THE ORIGIN OF OUR SPECIES...

HEY! IT'S TIME FOR OUR TRIP TO EARTH! LET'S CHECK HOW HUMANS ARE DOING!

COOL, BUT REMEMBER YOUR DISGUISES, WE DON'T WANT THEM TO PANIC... WE HAVE TO BLEND IN!

* ANDROMEDA INHABITANTS COMMUNICATION IS NON-VERBAL BUT WE TRANSLATED IT FOR THE SAKE OF THIS COMIC.

OUR COSMIC OBSERVERS VISIT FLOODED REGIONS BOTH ENCRDACHED ON DIVERTED RIVER CHANNELS AND THOSE EXPERIENCING UNEXPECTED STORMS

DO THEY NOT REMEMBER LAST FLOODS? BY THE WAY, BIRD COSTUMES ARE VERY USEFUL IN THIS MESS...

IT'S LIKE THEY SUFFER COLLECTIVE AMNESIA. CIVILIZATIONS HAVE EXPANDED SPACE OBLIVIOUS TO THE RISKS

I DON'T EVEN LIVE ON THIS PLANET AND I REMEMBER WHEN HUMANS WENT THROUGH THE HURRICANE KATRINA DISASTER...

THAT WAS DEVASTATING BUT THEY DON'T SEEM TO LEARN. THEY OFTEN FEEL SAFE BEHIND HIGHER LEEVES BUT...

... YOU KNOW, FLOODS AREN'T ALWAYS THIS DRAMATIC, CATASTROPHIC THING. THEY'RE LIKE NATURE'S WATERING CAN, KEEPING ECOSYSTEMS ALIVE.

SO, FLOODS AREN'T THE ISSUE... BUT MESSING WITH NATURE?

BINGO! IT'S ABOUT LEAVING SPACE TO NATURE AND EMBRACE FLOODS. TALKING ABOUT WATERING... DO YOU NEED TO DO THAT???

YES, DOES ON EARTH DO THAT, SO DO I!

I'M GLAD THEY HAVE SCIENTISTS, AS DR. JONES, LOOKING TO PAST FLOOD RECORDS TO INFORM OUR PRESENT AND PLANNING A BETTER FUTURE

YOU MEAN LIKE PREDICTING THE AFTERMATH OF THOSE EVENTS

FOR IN THE LESSONS OF THE PAST LIE THE KEYS TO A SAFER FUTURE

I AM BORING ONLY AT WORK

AS EARTH CONTINUES TO NAVIGATE THE CHALLENGES OF CLIMATE CHANGE AND NATURAL DISASTERS, MAY WE REMEMBER THE LESSONS OF PALEOFLOODS AND STRIVE TO BUILD A MORE RESILIENT AND INFORMED SOCIETY

THAT WAS A NICE TRIP, BUT I'M LOOKING FORWARD TO SLEEPING IN MY BED AGAIN

YEAH, HOME SWEET HOME... I HOPE HUMANS LEARN TO TAKE CARE OF THEIRS

CIRENIA ARIAS BALDRICH & GRACIELA GIL-ROMERA
